LOCAL NOTES.

Default was entered today in the case of Negri vs. Negri.

The first sprinkle of rain for many a day fell this afternoon.

A large number of prominent cattle men are attending court.

The Tucson ball club is to challenge the Tombstone club in a few days.

John Noble went to Bisbee yesterday to spend a few days with John Angus.

It looks very much as though Flagstaff would get the reform school location.

The case against Hafner was reported to have been dismissed for lack of prosecution.

The Arizona Commercial Co. is furnishing laborers for the S. P. Co. at \$1 per day.

Nick Noble went to Fairbank yesterday to meet his mother, who has returned from Bisbee.

For SALE—A pair of Screen Doors and a lot of fine Show Cases, cheap. At Miller's drug store.

Mr. A. D. Walsh is shaking hands with his friends today. He came over from Phoenix to remain a short time.

Baldness is often preceded or accompanied by grayness of hair. To prevent both baldness and grayness, use Hall's Hair Renewer, an honest remedy.

Rev. Downs took Dr. Adams and Frank Hiles to Turquoise today to look up life insurance. They will return in a couple of days.

C. B. Tarbell is keeping his lonely vigil at the city hall from 7:30 to 9 p. m. Thus far no taxpayer has appeared to look at the roll.

The preliminary survey of the San Diego & Phoenix road has been commenced. An agent is in New York endeavoring to place the bonds, which is considered an easy matter. The outlook for the construction of this line is very bright.

Rich Ore.

According to the Times, L. Ephraim formerly one of the heaviest merchants of Nogales, Arizona, but who has for the past few years devoted his time capital and energies to mining, has been in El Paso for the past week having some 80 tons of ore treated at the El Paso smelter. Mr. Ephraim is the principal stockholder and is manager of the Promontorio Mining Co., owning four claims in the Tumocacori groups of mines 25 miles southwest of Nogales and eight miles west of the boundary line between Arizona and Sonora. Judging by the government assay of his ore he has got a bonanza of incalculable value, as these assays show an average return of 326 ounces of silver to the ton and 49 per cent lead while the quantity in sight is simply enormous.

Dr. Warnekros went to Bisbee today in company with H. Schmieding. The Dr. will remain a few days visiting his old friend, A. Joerss.

The butcher report of H. Etz for the first quarter of '93 was filed today. It shows him to have slaughtered 80 head of cattle during that time.

Paul Warnekros sent down a large supply of grain to Rucker canyon today for use by the troops which are to be stationed there this summer.

A San Bernardino paper announces the arrival there of Arizona Charley's Wild West show with a Concord coach which formerly ran between Bisbee and Tombstone and was held up 104 times.

Ben Whiston refused to appear before the grand jury today and a bench warrant was issued for him. He was brought into court and fined \$3.50, being the amount of costs incurred.

The Mohave County Miner reports that the belle of the Wallapai tribe, "Antelope," died last Monday night after a short illness. Her body has been embalmed and will be taken to Chicago and placed among other Mohave county exhibits at the World's Fair.—News.

Insomnia is fearfully on the increase. The rush and excitement of modern life so tax the nervous system that multitudes of people are deprived of good and sufficient sleep, with ruinous consequences to the nerves. Remember Ayer's Sarsaparilla makes the weak strong.

Mat Coyle of Wilcox while in a friendly tussle with Roy Sanderson last evening fell to the ground and broke one of the small bones in his leg. He was taken to the Grand Central hotel where he was attended by Dr. Hamilton, and was comfortable this morning.

C. C. Eyster, collector of internal revenue, will remain in Tucson until the constitutionality of the Geary exclusion act is passed upon by the U. S. supreme court next Monday, and further instructions are received. He says that of a Chinese population in Tucson estimated at between 400 and 500 but 117 have registered.—Citizen.

Miss Kallum Glynn, 13 William street, San Francisco, writes to Chief of Police Hugh Pugh, asking for the whereabouts of Richard O'Connell, who lived in Tombstone seven years ago. He has been willed a good sum of money by a relative. He was in Tucson before coming here, and was born at Tallon, Waterford County, Ireland.

Judge Reilly walked over to the east side of the court yesterday and killed a June bug which was struggling to get through the glass. He crushed out its life with his demurrer to the mandamus proceedings which he held in his hand. Not even a June bug could withstand the force of the argument.

AT COURT.

The McAllister Mandamus Suit Bids Fair to be an Exhaustive One.

Minor Matters Attended to by the Court During the Day.

The attorneys who were to take part in the McAllister mandamus proceedings today were loaded down with volumes of authorities as they filed into court this morning. After several minor matters had been attended to this somewhat celebrated case was called. Mr. English started off by calling for Mr. McAllister as the first witness which was objected to by the defense which intimated that that point in the proceedings would likely never be reached and stated that they had a demurrer to present. This demurrer denied the jurisdiction of the court to hear the suit as it had not been properly brought. The judge overruled this demurrer, to which an exception was taken and entered on the minutes. The next point raised by the attorneys for the defense was that the mandamus was not the proper remedy in this case and that title to office could not be tried by mandamus. This point was argued at length, Col. Herring and Frank Heney who occupied the morning session to convince the court that Mr. McAllister was ineligible to the office of supervisor by reason of his having been elected while a treasurer. Numerous authorities were cited on this point.

During the morning the matter of Fall & Soto vs the county, an agreed case was taken up but not decided. This firm is doing business at Wilcox. A year ago they did not turn in their assessment although a blank was left at their place of business. The board of equalization met and raised their assessment from \$15,000 to \$20,000. No one appeared to object. After the board adjourned Mr. Soto came over before the board of supervisors and objected to the raise. The board declined to take any action in the matter. Messrs Fall & Soto declined to pay on over \$15,000 and it was agreed to submit the matter of the legality of the raise to the court and submit to its decision. Judge Sloan has the matter under advisement.

A criminal case of some interest was before the court this morning. The Mexican, Laguna, who confessed to having shot a fellow countryman at Fairbank a couple of years ago, was brought into court to plead. His attorney C. G. Johnson answered for him that he was not guilty. The court asked the prisoner through the interpreter whether he was or was not guilty and received the reply "guilty." He was told of the consequences if he pleaded guilty and concluded to plead not guilty and it was so entered. Laguna was indicted by the grand jury two years ago and was arrested in Bisbee by Dan Simon last month and taken before a justice of the peace. He confessed to killing the man for which crime another Mexican is serving a term in the penitentiary. The witnesses are mostly in Phoenix. The man at Yuma will have to be brought here to testify and altogether it will be much more expensive than if his original determination of pleading guilty had been entertained.

AFTERNOON SESSION.
After the noon recess, Mr. Heney again took up the thread of his argument, quoting from authority after authority both in favor of his position and against that of the opposite side whose argument he anticipated and combated. At about three o'clock Mr. Heney finished and W. H. Stillwell, for Mr. McAllister, opened his argument. He was still taking as we go to press.

The argument as outlined thus far shows the petitioner to rely upon the supposition that he was at the time of his being ousted a *defacto* officer and is now a *defacto* officer, that he is now and always has been a *defacto* super-

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs. Its excellence is due to its pleasant in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance. Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

visior and that a mandamus is the proper proceedings to place him back in the office.

The case will be a long one and unless the demurrer he sustained and may last a couple of days more.

Proved to be the Best.

Tested and proved by over thirty years' use in all parts of the world, ALLCOCK'S POROUS PLASTERS have the endorsement of the highest medical and chemical authorities and millions of grateful patients who have been cured of distressing ailments voluntarily testify to their merits.

ALLCOCK'S POROUS PLASTERS are purely vegetable. They are mild but effective, sure and quick in their action, and absolutely harmless.

Beware of imitations and do not be deceived by misrepresentation. Ask for ALLCOCK'S and let no solicitation or explanation induce you to accept a substitute.

A Mammoth Dam.

Tom Davis of Florence tells the Star of a big enterprise on foot in his county. The project is to spend several million dollars in a gigantic reservoir. The dam will be 200 feet high, 360 feet wide at the top, and 150 feet thick. It will back water for twenty miles and furnish water to irrigate 300,000 to half a million acres. Much water that is now lost in the underground flow will be held by the dam. This, with the millions of barrels of water going to waste down the Gila valley every year will keep the great dam full. The reservoir is sufficiently high and will have volume enough to carry water thirty miles each way, northwesterly to the town of Mesa, and southerly to the Southern Pacific railroad. The capital at the back of the enterprise is located at Detroit Michigan, one of those interested being D. M. Ferry, the seed man, already a large investor in Arizona property.

Of affairs in Yuma prison, says Frank Prector, just back from there, they are in good hands under Warden Shaw who brought to light the thirty-two daggers, slung shots and other weapons found concealed in the cell. One of the prisoners begged like a good fellow that his knife be not confiscated, but returned to him on his release. The prisoners profess that they like Shaw. Of the McInerney affair Mr. Prector was told that there was no inventory of purchases for the institution.—Star.

While Mr. T. J. Richey of Altona, Mo., was travelling in Kansas he was taken violently ill with cholera morbus. He called at a drug store to get some medicine and the druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy so highly he concluded to try it. The result was immediate relief, and a few doses cured him completely. It is made for bowel complaint and nothing else. It never fails. For sale by Druggists.

Pima in Straighted Circumstances.

The county of Pima is in a bad financial condition. The beginning of the year found the county \$4,000 behind running expenses, and a like amount was due on warrants without funds to settle at the end of the first quarter, after auditing the bills.

This condition is due to the action of the board last year, a recommendation of Attorney General Herring and the proceedings of in accordance of the funding commission.

Last year warrants on the general fund were taken up by the county to the amount of \$19,803, on expectation that they would be funded. To this, however, Attorney General Herring expressed the opinion that it could not be done. The commission therefore refused to fund the warrants.

This left the asylum in a rather straitened way. The money used for taking up those warrants was needed for other county expenses.

An effort will be made to have the loan commission consider the matter. District Attorney Herford and Clerk Hughes of the board of supervisors left for Phoenix last night to see if the warrants may not yet be funded.—Star.

When Traveling

Whether on pleasure bent, or business, take on every a bottle of Syrup of Figs, as it acts most pleasantly and effectively on the kidneys, liver and bowels, preventing fevers, headaches and other forms of sickness. For sale in 50 cent and \$1 bottles by all leading druggists.

A Los Angeles paper says that it was reported there that a duel was set for Saturday morning between Señor Flores of the Dos Republicos of Los Angeles and Señor Oriza of Tucson Ariz, but did not come off for some reason. The ill feeling between the two editors is said to have been caused by articles in their respective papers reflecting on one another.

FOR OVER FIFTY YEARS.

An old well-tried remedy.—Mr. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It is pleasant to the taste. Sold by Druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Saved Her Life.

Mrs. C. J. WOODBRIDGE, of Wortham, Texas, saved the life of her child by the use of Ayer's Cherry Pectoral. "One of my children had Croup. The case was attended by our physician, and was supposed to be well under control. One night I was startled by the child's hard breathing, and on going to it found it strangled. It had nearly ceased to breathe. Realizing that the child's alarming condition had become possible in spite of the medicine given, I reasoned that such remedies would be of no avail. Having part of a bottle of Ayer's Cherry Pectoral in the house, I gave the child three doses, at short intervals, and anxiously waited results. From the moment the Pectoral was given, the child's breathing grew easier, and, in a short time, she was sleeping quietly and breathing naturally. The child is alive and well to-day, and I do not hesitate to say that Ayer's Cherry Pectoral saved her life."

Call For Silver Convention.

To the branch Silver Leagues and Silver Clubs of Arizona:

It is hereby ordered that a silver convention be held at Phoenix Arizona on THURSDAY MAY 18, 1893. Each league and silver club is entitled to a representation in said convention by as many delegates as they may choose to represent them, and all other silver men are cordially invited to attend.

The object of the convention is to perfect a thorough organization in the interest of silver, in order that effective work in the direction of the free coinage of silver may be accomplished. Our sister silver states and Territories are organized and laboring to bring about this much needed financial reform, and Arizona should not be found lagging the great work. The time has come when decisive action must be taken to assist the silver cause. An arrogant and corrupt gold ring is determined to destroy silver as money in the United States, and the impending crisis is now upon us. Come one, come all and let us take such action as will cause our power to be felt, and let us do so without fear, for the Lord hates a generation of cowards. Able speakers from abroad will be present.

A. BUCK,

President Territorial Silver League.

L. J. WOOD, Secretary.

For the World's Fair.

Round trip tickets to the World's Fair are now on sale at Benson. The rate from that point to Chicago and return is \$82.95 and to St. Louis \$73.75.

These tickets will be sold up to Oct. 31st and are good returning up to Nov. 15th.

We are also at liberty to sell first-class limited or continuous tickets to San Francisco, Sacramento or San Jose for \$35.

Parties contemplating a trip in either direction can call on me in person or by letter for any information I can give. I will take pleasure in answering all questions and will furnish tickets at lowest possible current rates. Will also secure sleeping accommodations whenever it can be done and is desired.
